

Flowserve Pump Division Screen Saver

Placing the screen saver on your computer is a two-step process. The first step is to download the file to your hard drive from the web site and the second is to launch the downloaded file. Once downloaded, the remaining install/removal instructions are as follows:

Installation Instructions

After you downloaded the screen saver from the web site, you will have a file named "FPD_Saver_Installer.exe" on your hard drive. To install the screen saver, do the following:

1. Double-click the file named "FPD_Saver_Installer.exe" (The installer will place the screen saver files in the appropriate location on your C: drive and display a dialog box informing you of its completion. Click OK.)
2. Right-click on the desktop and choose "Properties".
3. Click the "Screen Saver" tab. "Flowserve" will now appear in your list of screen savers, most likely as the new default.
4. You are now ready to use the new Flowserve screen saver!

Removal Instructions

1. Launch Windows Explorer and go to the C:\WINDOWS directory.
2. Delete the following three files. Click OK to remove files.
 - Flowserve.dll
 - Flowserve.exe
 - Flowserve.scr
